Dear Families,

May 1, 2021

It is hard to believe the 2020-2021 school year is ending. We have learned so much this year and have adapted to multiple changes as families and educators. We support all that you have done this year to partner with us to make this year a success. Learning new technologies and implementing these, both at home and at school, could not have been done without this partnership.

We would like to provide two options for families for summer Chromebook storage.

Option #1: Store your child's Chromebook in a safe place in your home. Please remember to store the charger with the Chromebook so it is not lost. If your child is participating in summer school, they will need to use this option so they can bring it with them.

Option #2: Return your child's Chromebook to their homeroom/advisory teacher to be stored at the school. (Complete the bottom portion of this letter and turn it in with the Chromebook) This is not required but offered to help families keep the device safe during the summer. The last day to turn in a device to your child's homeroom/advisory teacher will be May 28th. Your child's Chromebook will be given back to them the at the beginning of the 2021-2022 school year.

Thank You,

Jeff Tidd
Director of Technology
Lewis County Schools

Guardian's Name: _____

Student's Name: _____

Advisory/Homeroom Teacher's Name: _____

I wish for my child's Chromebook to be stored safely at school and returned to them next school year.
