

Lewis County Schools Announce Math Field Day Winners

The Lewis County Board of Education would like to announce the winners of the 4th, 5th, and 6th grade Math Field Day Competition. Students from across the county competed on December 16, 2015 at Stonewall Resort. The Resort hosted the competition for the first time ever. From the time the students entered the beautifully decorated facility until time to leave they felt like royalty. The peaceful atmosphere, cushioned chairs, the lunch that was provided, and a few minutes to walk around the resort made it worth the time that they had spent studying math. Students competed in four different areas of math. A written test, mental math test, an estimation test and a physical lab was completed by all students. The top three places will now compete at the Regional Math Field day to be held on March 19, 2016, at Philip Barbour High School.

Fourth Grade winners are: first place, Avery Lambert, second place, Macey Franklin, third place Nevaiah Simmons and alternate Chase Moss.

Fifth Grade winners are: first place, Zachariah Stalnaker, second place, Wyatt Burns, third place Zachary James and alternate Lillie Cayton.

Sixth Grade winners are: first place, Claire Lattea, second place, Trenton Murphy, third place, Matias Pilarte and alternate Cameron Ross.

Students were asked to guess how many gummy worms were in a bottle and the closest student would win the prize. This year we had a tie between Cassie Cook and Malena Brown who only missed the exact number by 3.
